

PARKING AND TRANSPORTATION

<http://pt.ref.miami.edu/>

Parking on the University of Miami's Coral Gables campus is a privilege extended to those using the facilities of the University consistent with the terms of the University's Parking Policies and Procedures and other policies of the University as they are set or amended by the Provost. Parking privileges are extended only to those eligible members of the university community including trustees, faculty, administrators, staff, students, vendors and visitors who have paid for a valid UM parking permit. In consideration of being allowed to use the University's facilities for parking, the purchaser of a parking permit agrees to be bound by the rules set forth in the Parking Policies and Procedures, and agrees to pay to the University any fine or administrative charge assessed for non-compliance with this code.

Students, faculty, employees, and staff may not park in visitor parking spaces, and UM parking permits are not valid at parking meters. To discourage parkers without permits from utilizing parking spaces otherwise available to permit holders, all parking zones are strictly enforced 24 hours a day, seven days a week. Enforcement increases the chances of finding a parking space for those who pay for and properly link a valid UM parking permit to their vehicle.

First year resident students (students residing on the Coral Gables campus who are attending college on a full-time basis for the first time) are restricted from purchasing a parking permit to park on the University of Miami's Coral Gables campus. This policy applies to first year students living in University of Miami student housing on the Coral Gables campus.

For information on current pricing of parking permits, please click here (<https://pt.fop.miami.edu/campus-parking/students/>). For more general information on Parking, please visit our website (<http://www.miami.edu/parking/>). Annual permits are valid August 15, 2025, through August 14, 2026.
