TUITION AND FEES

Tuition

The basic undergraduate tuition rate covers the normal student load and is increased if the student carries an overload. Private instruction, e.g., music lessons, carries extra charges. Students who opt to participate in any of the University’s intercession courses will be billed for the intercession course separately from the flat rate cost of full-time tuition and fees.

For tuition charges in special programs and sessions, see announcements that are published concerning these components of the University’s academic program.

The following list of charges is effective for the academic year 2018-2019.

Undergraduate students carrying both undergraduate and graduate courses will be charged tuition at the rate in effect for undergraduate credit hours taken and appropriate fees. For example, tuition for a student carrying a total of 15 credit hours, of which 3 are graduate and 12 are undergraduate, would be charged at the $24,360.00 rate.

Undergraduate students taking graduate level coursework that is priced at a special level will be billed separately for these courses. Students should check with their advisors and/or the appropriate school’s department for more details on their course pricing requirements.

Full-time fees will be assessed according to student classification as an undergraduate or graduate.

The University reserves the right to change without notice tuition, fees, room and all other charges at the beginning of any academic year, and the right to change activities and meal plan fees at the beginning of any semester.

Graduate Students

| Pre-Master’s, Post-Master’s, and Doctoral Students per credit hour | $2,030.00 |

Fees

Some fees depend upon full-time status. This is usually determined by the sum total of semester credit hours carried by the student in all divisions or enrollment in certain special programs that are classified as full-time regardless of credit hour load. Intersession classes are included with regular fall and spring semester classes in determining the student’s full- or part-time status. This determination will also result in the billing of required fees. Fees are subject to change.

Undergraduate students are classified full-time if they enroll in 12 or more credit hours in a regular semester or 12 or more credit hours in a summer session or if they are enrolled in a special program which is classified full-time regardless of credit hour load.

Graduate students are classified full-time if they enroll in nine (9) or more credit hours in a regular semester or six (6) or more credit hours in a summer session, or if they are enrolled in dissertation credit hours that are classified as full-time.

Certain programs are conducted by the University under contract with the State of Florida. Florida residents who have been accepted as students in those contract programs are required to pay current state tuition for each credit hour taken and the state provides the University with additional funds in accordance with the terms of the contracts. Students involved in state contract programs should contact the appropriate school/college to ascertain the state tuition charge per credit hour that they are expected to pay.
