CERTIFICATE IN ACCOUNTING PRACTICE (ONLINE)

Certificate in Accounting Practice
Intended for candidates with no prior accounting credits, this online accounting certificate will provide you with the fundamental knowledge of financial and managerial accounting, as well as taxation and accounting information systems. Completion of the certificate will equip you for entry-level jobs in corporate accounting.

If you choose to complete the master's in professional accounting program as well, you will be exposed to more advanced topics in financial and managerial accounting, which will prepare you for mid-level corporate accounting and taxation positions.

To obtain detailed program admission and curricula information please visit website (http://www.miami.edu/online/online-degrees/masters-professional-accounting).
