

# MASTER OF SCIENCE IN ACCOUNTANCY

## Overview

The Master of Science in Accountancy (MSA) and Master of Science in Taxation (MST) programs are similar in that they offer an opportunity to concentrate in accounting, but they differ in degree of specialization and career path orientation. The MSA offers two separate tracks in assurance and corporate accounting while the MST is designed for students interested in careers in taxation. In addition to the traditional one year of full-time study beyond the Bachelor's level, the MSA and the MST programs are offered as accelerated programs for University of Miami undergraduates.

## Scholarships

University of Miami Herbert School of Business - Alumni Association Endowed Accounting Scholarships are available for students pursuing Graduate Studies in Accounting. Various other scholarships and assistantships may be available.

## Core Accounting Program

The Core Accounting Program is designed for students who hold at least an undergraduate business degree in a field other than accounting from an accredited college or university. Students that meet this criterion will be required to complete a total of 42 credits, while students that have the minimum courses in accounting from an accredited college or university, will be waived from the Core Accounting Program and only be required to complete a total of 30 credits toward the MSA or MST.

## Non-Accounting Majors

Students that have a non-accounting degree, preferably in business, can apply for admission to our Master of Science in Accountancy (MSA) or Master of Science in Taxation (MST). Applicants to the MSA or MST program will automatically be considered applicants to the Core Accounting Program if their undergraduate degree is not in accounting. Core Accounting students entering the MSA or MST program must also take an advanced taxation course (ACC 639) which is offered following the Core Accounting Program in an intersession format in August before the start of the fall semester.

## Program Schedule

The Core Accounting Program is fast-paced and requires full-time attention. As the program is intensive and not designed for students that are working even part-time. The 7-week program begins each year mid-July and continues through mid-August and consists of two 3½ -week modules. Three 2-credit courses are included in each module. Students who want to take any additional graduate tax classes should also plan to take the advanced taxation course (ACC 639) which is offered following the Core Accounting Program in a 9-day intersession format in August before the start of the fall semester.

## Program Prerequisite Accounting Courses

Students entering the program are required to have previously completed introduction to financial accounting and management accounting at a US or foreign university.

## Core Accounting Program Course Offerings

The Core Accounting Program includes the following six 2-credit upper division accounting courses that are prerequisites for graduate study.

Code	Title	Credit Hours
ACC 632	Intermediate Accounting I	2
ACC 633	Intermediate Accounting II	2
ACC 634	Cost Accounting	2
ACC 635	Auditing	2
ACC 636	Accounting Systems	2
ACC 673	Taxation for Business and Investment Decisions	2

Note that the Core Accounting Program does not include an advanced taxation course (the equivalent of ACC 404) which is a required prerequisite for most tax courses in the MST program. Accordingly, in addition to the six summer intensive courses, students entering the MST program must complete ACC 639 which is offered following the Core Accounting Program in an intersession format in August before the start of the fall semester.

## Entering the MSA or MST Program

Upon successful completion of the intensive program, students immediately enter the MSA or MST program in the fall semester. To graduate with their MSA or MST degree, students must complete 30 credits beyond the 12-credit Core Accounting Program and may graduate in as little as two semesters, assuming they are full-time students.

## CPA Licensure Requirements

Most of our students intend to become qualified as Certified Public Accountants (CPA). While the CPA exam is a national exam administered by the American Institute of Certified Public Accountants, its execution and CPA licensing practices are governed by state law. For example, some states require a certain number of credit hours in particular subjects and have overall accounting and business credit hour requirements. As such, you should check with the state in which you intend to practice to determine what the specific course requirements are for that state. Our department is unable to make a determination of your eligibility to sit for the CPA exam. This can only be done by the appropriate state board. Please find the licensure requirements for the State of Florida, here (<http://www.myfloridalicense.com/DBPR/certified-public-accounting/licensure/>).

For your convenience, the Florida rules that apply to most individuals are summarized here. Please check the State of Florida Web site noted above for updates and rules which may apply in particular circumstances.

As of July 1, 2008 the Florida State Board of Accountancy (BOA) separated the requirements to become a Certified Public Accountant (CPA) into two parts: (1) the requirements to be eligible to take the CPA exam and (2) the requirements for licensure to practice as a CPA in Florida.

**Requirements to Sit for the CPA Exam:** To be eligible to take the CPA exam, applicants must have completed 120 semester hours including 24 semester hours of upper division (300-level or above) accounting to include auditing, cost and managerial accounting, financial accounting, accounting information systems, and taxation. Applicants must also complete 24 semester hours of upper division general business courses with some exceptions in that one microeconomics, one macroeconomics, one statistics, one business law, and one introduction to computers course may be lower division (freshman or sophomore level). As part of the general business hours, applicants are required to have a total of six semester hours of business law courses, which must cover contracts, torts, and the Uniform Commercial Code. Note that excess upper division accounting courses may be used to meet the general business requirement; however, elementary accounting classes are never acceptable for credit nor are courses for non-accounting majors and any MBA courses that are equivalent to elementary accounting.

The exam is offered in the following time periods; January – February, April – May, July – August and October – November. Note that applicants are not required to have a bachelor's degree in order to sit for the CPA exam.

**Requirements for Licensure:** In addition to passing all four parts of the CPA exam with at least a 75% within 18 month rolling period, the Florida State Board of Accountancy requires that applicants have completed a bachelor's degree plus an additional 30 hours for a total of 150 semester hours before you can become licensed as a CPA. One year of work experience under the supervision of a licensed CPA is now also required to become licensed. In addition to experience obtained in public accounting and government, Florida's 2008 legislative change also allows experience obtained in industry and academia. This experience may be obtained before or after sitting for the exam, however, all requirements to sit for the exam must be met before the work experience commences. If you fail to apply for licensure within three years of receiving the licensure package, (sent after you pass all four parts) the CPA grades expire and you have to retake the examination.

The 150 semester hours must include a minimum of 36 semester hours of upper division accounting courses and at least 39 semester hours of upper division (with some exception) general business courses. Excess upper division accounting courses may be used to meet the general business requirement. Courses for non-accounting majors and any MBA courses that are equivalent to elementary accounting are not accepted for this requirement.

**Licensed in Another State:** If you are licensed in a state other than Florida you can obtain a license in Florida by a process called endorsement. You must provide evidence of meeting all of the requirements in effect at the time of your application. In addition if you passed the exam more than two years before applying you must provide evidence of meeting continuing professional education requirements.

## CPA Accreditation Requirements

The Florida State Board of Accountancy accepts degrees from schools accredited by the following associations : Middle States Association, New England Association, North Central Association, Northwest Association, Southern Association of Colleges and Schools, Western Association of Schools and Colleges, Association of Independent Schools and Colleges who have been approved by the Florida State Board of Independent Colleges and Universities, and Canadian Schools who have been approved by their provincial educational bodies. If you have graduated from a school or college which is not accredited by the above mentioned means, then you must use the provisions of F.A.C. 61H1-27.001 (5) (see below).

### Applicants Who Have Graduated from Non-Accredited Schools (61H1-27.001) (5)

Applicants who have graduated from a non-accredited school may still qualify to sit for the CPA examination. The candidate must take 15 semester hours of graduate classes. Those must consist of at least nine hours of graduate level accounting courses including a minimum of three semester hours of graduate tax. THESE HOURS MUST BE TAKEN AFTER ADMISSION TO GRADUATE SCHOOL. If the courses are taken before admission to a graduate program, the classes will not be accepted, even if the school includes them as part of the graduate program. These courses cannot duplicate other courses which the applicant has taken and they cannot be used to accredit the non-accredited degree and satisfy the educational requirements. The applicant must complete the graduate school courses to validate the non-accredited degree. The applicant must also meet all other requirements for endorsement or transfer of credit. An evaluation of foreign transcripts must be completed by an evaluation service which has been approved by the Board (see Board Approval Evaluation Services).

## Duplicate Courses

No credit will be given for courses which duplicate another course for which the applicant has received credit. CPA review courses are considered as duplicates.

To obtain detailed program admission information, please reference the program brochure which can be requested by contacting Graduate Business Admissions at 305-284-2510, by email at [mba@miami.edu](mailto:mba@miami.edu), or by visiting the Miami Herbert Business School website. (<https://herbert.miami.edu/graduate/find-and-compare-programs/accountancy/>)

## Admission Requirements

- Completed application for admission submitted through BusinessCAS
- A baccalaureate degree from an accredited institution
  - Official academic transcripts from all previously attended post-secondary institutions must be submitted directly to BusinessCAS (<https://businesscas.org/apply/>).
  - Students who hold an undergraduate degree in Accounting will be considered to waive the 12 credit Core Accounting Program (CAP).
  - International applicants must have their educational credentials from institutions outside of the United States verified by an approved international credentialing evaluation service such as World Education Services (<https://www.wes.org/>) to confirm degree equivalency and GPA calculation.
- Statement of purpose and short-essay responses to the career goal and program-related questions in BusinessCAS
- Current resume outlining your professional and/or academic achievements
- At least one letter of recommendation is required. Up to three may be submitted.
- Official GMAT (or GRE) score to be sent directly to the University of Miami Herbert Business School by using the institution code below.
  - GMAT Institution Code is 7NV-S1-02
  - GRE Institution Code is 5815
- An official TOEFL or IELTS score is required as proof of English proficiency for international applicants who did not receive a degree in the United States or a foreign country where English is the primary language. The following minimum score is required for admission to a graduate business degree program.
  - TOEFL - 94 or above, institution code is 5815
  - IELTS - 7.0 or above, institution code is 4861

If you do not yet have a GMAT or GRE score and/or TOEFL or IELTS score (international candidates only), you may complete and submit your application prior to taking the exam by indicating your approximate date within the Standardized Tests tab in the Academic History section. Select "Add Test Score" by the relevant test, then indicate that you have not yet taken the exam and add your estimated test date in the section provided.

Conditional Admission: If you have not achieved the minimum TOEFL or IELTS score but possess a strong academic performance you may be considered for conditional admission. A minimal TOEFL score of 80 or an IELTS score of 6.5 is required to be considered for conditional admission. These students must successfully complete a 4-week Graduate Business English Certificate Course prior to matriculating in the academic program. Click here (<https://ili.dcie.miami.edu/graduate-language-programs/business-english/>) for more information about the English for Graduate Business English Certificate Course.

We encourage candidates to upload unofficial transcripts and test scores (if required) with their BusinessCAS application in order to expedite the review of their file while official documents are processed.

### QUESTIONS?

.Connect with Miami Herbert Business School's graduate enrollment advisors at (305) 284-2510, by email at [mba@miami.edu](mailto:mba@miami.edu), or visit the Miami Herbert Business School website (<https://herbert.miami.edu/graduate/find-and-compare-programs/accountancy/>).

## Curriculum Requirements

### Master of Science in Accountancy (MSA)

The MSA program offers two tracks: Assurance (MSA-Assurance) for students planning to go into public accounting and Corporate Accounting (MSA-Corporate) for students planning careers as controllers, CFOs or financial analysts. The MSA is designed for the student who has taken the accounting

and related courses required for an undergraduate major in accounting or other undergraduate business majors who have successfully completed the Accounting Summer Intensive Program. These students should be able to complete the MSA in a year or less provided they enroll as full time students.

### Undergraduate Course Requirements

The courses listed below are undergraduate prerequisites that, unless already completed, must be fulfilled in order to be admitted for graduate study. For most graduate tax classes including ACC 648 (<http://bulletin.miami.edu/search/?P=ACC%20648>) Financial Reporting Implications of Income Taxes., the equivalent of ACC 404 (<http://bulletin.miami.edu/search/?P=ACC%20404>) Advanced Taxation(Corporate and Partnership Income Taxation) is also required. Students can satisfy this prerequisite by taking ACC 639 (<http://bulletin.miami.edu/search/?P=ACC%20639>) Income Taxation and Business Entitles which is offered in a 9-day intersession format in August before the start of the fall semester. If a candidate does not have an undergraduate business degree, additional business prerequisites (economics, marketing, management, finance and others) will also be required.

Code	Title	Credit Hours
ACC 211	Principles of Financial Accounting	3
ACC 212	Managerial Accounting	3
ACC 301	Cost Accounting	3
ACC 311	Intermediate Accounting I	3
ACC 312	Intermediate Accounting II	3
ACC 402	Auditing	3
ACC 403	Fundamentals of Taxation	3
ACC 406	Accounting Systems	3

### Master of Science in Accountancy–Assurance Track (MSA-Assurance) (Accounting Major)

The program requires 30 semester hours consisting of nine required courses and the balance of approved elective courses provided the student has an undergraduate degree in Accounting, or its equivalent, from an accredited institution. In addition to the nine required courses, students must select four courses from the designated course list. Other courses can be selected from the list of approved electives or in consultation with the program director. Courses with a 600-level designation are designed for graduate students. Courses with a 500-level designation are open to upper-level undergraduate students and do not count toward the MSA degree. Unless otherwise noted, courses in the program are two semester hours (two credits).

## Accelerated Masters Programs

In addition to offering the Master of Accounting (MAcc) and Master of Science in Taxation (MST) on the usual time frame involving one year of full-time study beyond the Bachelor's level, the MAcc and MST are offered as accelerated programs. These programs permit high achieving accounting students who have accelerated their education by taking advanced courses in high school, testing out of classes, taking increased class loads, or going to summer school, to start their graduate work while seniors.

The accelerated programs are available only to students who are undergraduate students at the University of Miami. The programs are designed in such a way that students can expect to complete both their Bachelor's and Master's degrees and make significant progress on the CPA exam (if not complete it entirely) within 4½ years. In addition, these programs are extremely price competitive.

### Accelerated Program Timeline

Code	Title	Credit Hours
<b>Pre-Requisites</b>		
A minimum of 102 credit hours		
Accounting Major Requirements		
ACC 301 or ACC 404	Cost Accounting Advanced Taxation	
ACC 311	Intermediate Accounting I	
ACC 312	Intermediate Accounting II	
ACC 402	Auditing	
ACC 403	Fundamentals of Taxation	
BSL 401	The Law of Financial Transactions	
All UG degree requirements except those taken in the senior year.		
Students that select the MAcc-Corporate Track must take FIN 303 before or during their senior year.		
<b>Summer after Junior Year</b>		
Internship		
<b>Senior Year Curriculum <sup>1</sup></b>		
ACC 506 or ACC 572	Internal Auditing Advanced Financial Analysis	2
ACC 522	Advanced Issues in Auditing	3
ACC 530	International Financial Reporting Standards	1
ACC 648	Accounting for Income Taxes	2
BSL 691	The Public Corporation: Legal Perspectives	2
BUS 610	Communicating for Career Success	2
<b>Summer after Senior Year <sup>2</sup></b>		
1 ACC graduate course		
Approved CPA Review Course <sup>3</sup>		
Pass CPA exam		

**Final Fall Semester**Remaining 16 graduate credits <sup>4</sup>

- <sup>1</sup> Twelve credits of work in senior year will count towards the MAcc or MST degree (only students in the accelerated program are eligible to take these classes during their senior year).
- <sup>2</sup> Students must take one accounting graduate course in the summer following their senior year. Accounting courses are offered based on demand and could include ACC 620 Accounting Controls in Information Technology (offered every summer) or ACC 649 Issues in Tax Policy.
- <sup>3</sup> Students are also REQUIRED to take an approved CPA review course during the summer following their senior year. Students who do not take a CPA review course must complete an additional six graduate credits which will likely delay graduation to May instead of graduating in December. Students are also expected to pass part, if not all, of the CPA exam during this summer.
- <sup>4</sup> In the final fall semester students will complete the remaining 16 graduate credits including the requirements for their track and electives selected in consultation with the Program Director.

## Admission to the Accelerated Programs

### Incoming Freshmen

- Prospective students apply to the accelerated program when they apply for admission to the University of Miami.
- SAT scores should meet or exceed 1400; high school unweighted GPA should meet or exceed 3.75.
- Students are required to have an overall and accounting GPA of 3.3 or higher by their junior year in college. Students must then maintain an overall GPA of 3.3 or higher and an accounting GPA of 3.3 or higher to remain in the program. Students who do not maintain the expected GPA may be placed on probation or transferred out of the program.
- Students will need to have completed 102 credit hours by the start of their senior year.

### Current University of Miami Undergraduate Accounting Majors

- Students should apply to the accelerated program by September 15 of their junior year.
- Admission to the program will be based on GPA, letters of recommendation, and performance in upper division (300-level or above) accounting courses in progress or completed. It is expected that the students admitted to the program will have GPAs exceeding 3.3, but students with these scores are not guaranteed admission. The decision will depend on the quality and size of the applicant pool and will be made by senior school administrators and faculty.
- After admission, to remain in the program, students must maintain an overall GPA of 3.3 or higher and an accounting GPA of 3.3 or higher. Students who do not maintain the expected GPA may be placed on probation or transferred out of the program.
- Students will need to have completed 102 credit hours by the start of their senior year including ACC 311, ACC 312, ACC 402, ACC 403, BSL 401 and ACC 404.

## Five-Year Accounting Program with Senior-Year Internship

The Five-Year Accounting Program with Senior-Year Internship is intended to allow exceptional students to acquire both undergraduate and graduate accounting degrees in five years while gaining valuable experience working at a full-time internship in the spring semester of their senior year. Students will also take a CPA review course and sit for the CPA exam so they can pass some (if not all) parts of the exam before they graduate with their Master of Accounting or Master of Science in Taxation degree.

### Program Timeline

1. Fall semester of Junior Year: Complete an application to the program by September 15 and apply for an internship position to take place in the spring of senior year.
2. Fall semester of Senior Year: Submit the internship agreement and apply to graduate school.
3. Spring semester of Senior Year: Complete Internship followed by 9 credit hours of coursework to complete the undergraduate accounting degree in specially-designed short-duration courses that include ACC 301, ACC 406 and MGT 401 (<http://bulletin.miami.edu/search/?P=MGT%20401>).
4. Summer following Senior Year: Take CPA review and exam.
5. Fall semester following Senior Year: Begin the Master of Accounting (MAcc) or Master of Science in Taxation (MST) Program.

### Pre-requisites

The program is designed for University of Miami Herbert Business School undergraduate students who are pursuing the accounting major and who have a cumulative GPA of at least 3.2 at the time of application. Admission to the program is based on several criteria, so a 3.2 GPA does not guarantee admission. Students should discuss the program and their academic plan for entering the program with an academic advisor in the Office of Undergraduate Business Education or with the Program Director in the Department of Accounting. Prior to the spring semester of their senior year, students will need to have completed all undergraduate degree requirements, except for two accounting major courses (ACC 301 and ACC 406) and MGT 401 (<http://bulletin.miami.edu/search/?P=MGT%20401>).

## Senior Year Spring Semester Curriculum

In the first half of the spring semester of the senior year, students will work full-time in an accounting internship for which they can receive 3 credit hours toward their undergraduate degree (ACC 550 (<http://bulletin.miami.edu/search/?P=ACC%20550>)). Additionally, in the spring semester of their senior year, students will take 9 credit hours in three specially-designed short-duration courses that include ACC 301, ACC 406 and MGT 401 (<http://bulletin.miami.edu/search/?P=MGT%20401>).

## Summer, Fall, and Spring after Senior Year

In the summer after their senior year, students will have the opportunity to take a CPA review course and sit for the CPA exam. Students will complete their Master of Accounting or Master of Science in Taxation in the fall and spring semesters after senior year and begin working that following summer or fall.

## Admission to the Five-Year Accounting Program with Senior-Year Internship

- Students must apply to the program in their junior year and obtain an “approved” internship through the Toppel Career Center.
- The internship must be scheduled to take place during the spring semester of their senior year.
- In the fall semester of their senior year, before registering for their senior-year spring classes, students must submit a copy of their internship agreement to the Program Director or Program Manager in the Department of Accounting.
- By the fall semester of their senior year, students must have applied for admission to the graduate program and submitted their verification deposit to pursue a Master of Accounting or Master of Science in Taxation degree in the fall semester immediately following their senior year.
- The GMAT will be waived for students admitted into the program.

## Mission

The mission of the Accounting Department is to provide an environment recognized for educational excellence through our academic programs, intellectual contributions, and service to the academic and professional communities.

## Student Learning Outcomes

- Students should demonstrate an understanding of International Financial Reporting Standards (IFRS) including its basic history, its standard setting structure, and significant accounting concepts and principles and how they compare to U.S. Generally Accepted Accounting Principles (U.S. GAAP).
- Students should understand the financial reporting related to the income tax provision in accordance with the requirements under ASC 740 (accounting for income taxes).
- Students should demonstrate good understanding of the importance of the footnotes to financial statements while evaluating reported financial numbers and be able to recast financial statements for comparability across years.
