B.A./M.P.S. in Marine Ecosystems and Society

B.A. / M.P.S.

Marine Ecosystems and Society, in cooperation with the Undergraduate Marine and Atmospheric Science Program, also offers a five-year B.A./M.P.S. Program in Marine Affairs. This program enables qualified students to earn a B.A. in Marine Affairs in four years with the opportunity to earn an M.P.S. with only one additional year. Conditional acceptance to the MPS program is based on the student’s GPA at the end of their sophomore year. Students must then take GRE exams and apply for acceptance to the graduate program at Rosenstiel during their junior year.
