

# M.P.S. IN APPLIED REMOTE SENSING

## Applied Remote Sensing (ARS)

The MPS in "Applied Remote Sensing" (<http://mps.rsmas.miami.edu/degree-program/applied-remote-sensing>) offered by the University of Miami's Rosenstiel School of Marine and Atmospheric Science (RSMAS) and Center for Southeastern Tropical Advanced Remote Sensing (CSTARS) is tailored to the needs of students who seek to gain theoretical knowledge and practical, real-world experiences geared towards a successful career in the field of remote sensing in both public and private sectors. This program is also appropriate for those already in the workforce who require additional training or are looking to expand upon their knowledge and skills.
