REPEATING COURSES

A student may repeat a course in which a failing grade was earned, but the repetition of the course will not eliminate the previous grade from the record and the student is responsible for tuition and other costs related to the repeated course. A course may be repeated only once unless written authorization is provided by the Program Director, Dean of the School and Dean of the Graduate School. All grades are included in the computation of the quality point average. If a course in which an unsatisfactory grade (as determined by the program advisor) was earned is repeated and the repeat grade is a "C-" or higher, the number of credit hours required for graduation will be increased by the number of credit hours repeated. If a student attempts to retake a passed course, taking the same course to obtain a better grade, financial aid may be affected.

Registrations which involve repeating a course in which a grade of "A" or "B" has already been earned may not earn quality points or credit hours, nor count as credit hours attempted.
