

# TUITION AND FEES

## Tuition

The undergraduate tuition flat-rate covers a student's course load of 12-20 credits and is increased if the student carries an overload. Private instruction, e.g., music lessons, carries extra charges. Students who opt to participate in any of the University's intersession courses will be billed for the intersession course separately from the flat rate cost of full-time tuition and fees.

For tuition charges in special programs and sessions, please refer to the University's academic program.

The following list of charges is effective for the academic year 2021-2022.

### Undergraduates (All Colleges and Schools)

Number of Credit Hours	Tuition (per semester)
One	\$ 2,213.00
Two	\$ 4,426.00
Three	\$ 6,639.00
Four	\$ 8,852.00
Five	\$ 11,065.00

In excess of 20, per credit hour	\$ 2,213.00

Undergraduate students carrying both undergraduate and graduate courses will be charged tuition at the rate in effect for undergraduate credit hours taken and appropriate fees. For example, tuition for a student carrying a total of 15 credit hours, of which 3 are graduate and 12 are undergraduate, would be charged the undergraduate flat-rate tuition amount.

Undergraduate students taking graduate level coursework that is priced at a special level will be billed separately for these courses. Students should check with their advisors and/or the appropriate school's department for more details on their course pricing requirements.

Full-time fees will be assessed according to student classification as an undergraduate or graduate.

The University reserves the right to change without notice tuition, fees, room and all other charges at the beginning of any academic year, and the right to change activities and meal plan fees at the beginning of any semester.

Audit Work (No degree credit) Tuition, per course, non-refundable.	\$2,213.00

### Fees

Fees are dependant upon full-time/part-time status. This is usually determined by the sum total of semester credit hours carried by the student in all divisions or enrollment in certain special programs that are classified as full-time regardless of credit hour load. Intersession classes are included with regular fall and spring semester classes in determining the student's full- or part-time status. This determination will also result in the billing of required fees. Fees may be subject to change.

Undergraduate students are classified full-time if they enroll in 12 or more credit hours in a regular semester or 12 or more credit hours in a summer session or if they are enrolled in a special program which is classified full-time regardless of credit hour load.

Graduate students are classified full-time if they enroll in nine (9) or more credit hours in a regular semester or six (6) or more credit hours in a summer session, or if they are enrolled in dissertation credit hours that are classified as full-time.
