

JD/LLM/MBA

JD/LLM/MBA

Triple Degree Program: A Specialized Option for Business Majors

The University of Miami School of Law and the Miami Business School have created a triple degree program - a JD, an LLM in Taxation, Estate Planning, or Real Property Development, and an MBA- which can be completed in just four years and two summers.

This program offers a combination of legal and business degrees to students who were undergraduate business majors. These credentials are ideal for anyone with a long-term goal of servicing top corporate clients or becoming a senior executive at a bank, real estate company, or financial institution. They also serve as significant assets in today's competitive marketplace to any attorney starting out in tax or real estate law.

Students are able to complete both the LLM and JD degrees in seven semesters and can complete an MBA degree with an additional two semesters or fewer, if summer school courses are taken.

To obtain detailed program admission, please reference the program brochure which can be requested by contacting the Office of Recruiting and Admissions at 305-284-2510 or visit our website (<http://bus.miami.edu/graduate-programs/full-time-mba/jd-llm-mba/>).

Admission Requirements

- The program is open only to individuals who were undergraduate business majors.
- The program enables students to obtain three degrees in four years—a JD, an MBA *and* an LLM
- Once JD students begin their second year of law school, they can apply to the specific LLM program in either Tax (http://www.law.miami.edu/about_us/jd_tax.php?op=1) or Real Property Development (http://www.law.miami.edu/about_us/jd_rpd.php?op=1) by the end of spring semester after having completed specific pre-requisites.
- During the second year, students should also apply to the one-year MBA program by the Early Decision deadline of June 1 to be considered for One-Year MBA program. (*Note that there are additional deadline date options for the MBA program, allowing students to apply up until December 1 for a January [spring semester] start.*)
- Students must have the results of their GMAT exam when they apply as only complete applications will be reviewed by the Admissions Committee.
