

M.P.H./M.P.A. MASTER OF PUBLIC ADMINISTRATION JOINT DEGREE

Master of Public Administration Joint Degree (MPA/MPH)

The Master of Public Administration/ Master in Public Health (MPA/MPH) degree is offered jointly by the University of Miami College of Arts and Sciences and the Miller School of Medicine's Department of Public Health Sciences. The joint degree is designed for students who seek an in-depth knowledge of public health with training in management and public policy administration. Students may complete the requirements for the MPA and MPH degrees consecutively or in succession.

Applicants must be admitted into the MPH and MPA programs on a separate basis, based on the admissions requirements and procedure of each individual program. Acceptance by one program does not in any way indicate or guarantee acceptance by the other degree program.

Average Program Duration: 2.5 years

Number of required credits: 66

Admission Requirements

- **Application** - Applicants must submit their application online through SOPHAS (<https://sophas.org/>), the centralized application service of the Association of Schools and Programs of Public Health (ASPPH) (<https://www.aspph.org/>). All application materials, including transcripts, test scores, statement of purpose/personal statement, resume/CV, and letters of recommendations, must be submitted directly through SOPHAS. Applicants to the MPH/MPA joint degree must apply to both, the Department of Public Health Sciences MPH program and to the College of Arts and Sciences MPA program separately. Joint degree applicants should check with each program regarding admissions requirements.
- **Transcripts** – Applicants must submit official transcripts from all previously attended colleges and universities. All foreign transcripts must be official and submitted in the original language. If the original language is not English, an official translation must be submitted along with the transcript. All non-U.S. transcripts must be evaluated by the World Education Service (<https://www.wes.org/>) (WES) using ICAP course-by-course evaluation service.
- **Standardized Test Scores** - The GRE REcord Exam (GRE) is not required for the MPH program.
- **English Proficiency Exam** - International students are required to take the Test of English as a Foreign Language (TOEFL) (<https://www.ets.org/toefl/>) or the International English Language Testing System (IELTS) (<https://www.ielts.org/en-us/>). If English is *not* a student's native language, the TOEFL/IELTS/Duolingo requirement *may be waived* if the applicant holds an undergraduate or graduate degree from an English-teaching academic institution within the United States or from one of the following English-speaking countries listed here (<https://www.grad.miami.edu/graduate-education/international-students/>).
- **Resume/Curriculum Vitae** – Applicants must include a detailed resume including employment, public health experiences, community service, research, and academic or professional honors. Public health experience is not required in order to be considered for admission.
- **Statement of Purpose/Personal Statement** – Applicants are required to submit a statement of purpose that details their academic interest in the program. The statement should discuss any experiences in public health including field experience, research, training, education or other related qualifications. Applicants should discuss how earning the degree will contribute to their future professional and career goals, as well as to the future of public health. Applicants should also address any academic deficiencies, if applicable.
- **Letters of Recommendation**– Applicants must provide three letters of recommendation from individuals who are best able to assess their ability to be successful in a graduate degree program. Ideally, recommenders are recent professors, researchers or employers in a related field. Letters should be signed and on letterhead. Applicants will be asked to include the contact information of their recommenders on the SOPHAS application and recommenders will be sent an online form to complete via email.
