M.M. IN STUDIO JAZZ WRITING

Overview
The Master of Music program in Studio/Jazz Writing provides students with opportunities for advanced study in jazz and studio arranging, composition and orchestration. The overriding goal is to help students develop a high-level skill set that will enable him or her to pursue a career as a professional arranger/composer, orchestrator, film and media composer and educator. Students encounter a creative, challenging and nurturing educational experience that respects tradition, reflects current professional trends, fosters innovation and stimulates growth among students and faculty alike.

Studio/Jazz Writing is a unique and intense two-year course of study that includes writing for large and small jazz ensembles, symphonic orchestra, large and small jazz vocal ensembles and writing for film and media. In addition, studio/jazz writing majors learn "hands on" how to run a recording studio. Students gain experience recording, mixing and mastering their own writing projects. All SJW (Studio/Jazz Writing) majors receive training in Pro Tools Digital recording and have access to the jazz departments 24 channel Pro Tools HD2 Recording Studio and a Pro Tools 8 channel studio/mixing lab. Additional course work also includes Virtual Orchestration: creating mock-ups of orchestral scores with our extensive sample library. SJW students writing projects are recorded by award winning ensembles including the Frost School of Music: Concert Jazz Band, HMI Studio Orchestra, Studio Jazz Band, Jazz Vocal 1 and Frost Symphony Orchestra.

Alumni from this program are working throughout the music industry as: film and game composers, feature film orchestrators, trailer and library music composers, concert music composers, music producers, music directors, studio session players and educators (public school, colleges and universities).
