

# LLM IN MARITIME LAW

## Overview

The Maritime Law LL.M. Program comprises of a rigorous study and training experience in the field through a focused theoretical and practical curriculum. The program requires a total of 24 credits completed with a grade point average of 2.3/4.00, of which a minimum of 12 credits must be maritime law courses.

## Admission Requirements

### DOMESTIC J.D. STUDENTS

Prior to enrollment, full-time and part-time applicants must have earned a J.D. degree from a law school accredited by the American Bar Association.

### INTERNATIONAL STUDENTS

- International applicants must hold a J.D. degree or its equivalent from a foreign institution.
- International lawyers must present evidence of graduation from an international law school: official transcripts from all schools attended and listed on the application for admission; certified, translated copy of the transcripts; and photocopies of diplomas received.
- Applicants whose native language is not English must take the Test of English as a Foreign Language (TOEFL). A score of not less than 580 on the written, not less than 237 on the computer based or not less than 92 on the internet based TOEFL test is required to be considered for admission. In the alternative, applicants may take the International English Language Test System exam (IELTS), in which event a score of not less than 7 is required.

## Mission

The University of Miami and International Graduate Law Program's mission is to foster the intellectual discipline, creativity, and critical skills that will prepare its graduates for the highest standards of professional competence in the practice of law in a global environment subject to continual transformation. The Maritime Law LL.M. Program (the "Program") prepares attorneys to become specialists in the domestic and international legal problems associated with the use of navigable waters and the protection of the marine environment. The Program offers graduate-level theoretical and practical courses and training.

## Student Learning Outcomes

1. Maritime Law students will demonstrate an advanced proficiency and practical understanding as it relates to Maritime Law, including substantive rules, relevant procedures, ethical considerations, and lawyering skills specific to the practice of maritime law in a global environment.
2. Students will demonstrate advanced proficiency in legal drafting and written communication as it relates to Maritime Law.
3. To ensure that students complete the Program requirements, graduate, and either secure employment or advancement opportunities.
