

# SUMMER SCHOLARS PROGRAM

<http://www.miami.edu/ssp>

As one of the nation's most active research universities, the University of Miami specializes in innovative thinking and great teaching – a combination that is showcased in the Summer Scholars Program. Students learn from distinguished UM faculty and study in classes that connect classroom ideas and hands-on learning in our exciting precollege programs.

The Summer Scholars Program is designed to expose high school students to university academics and campus life before commencing undergraduate studies. Students can attend the **Summer Scholars Three-Week Credit Program** to earn college credit or the **UM Academies Two-Week Non-Credit Program** for an immersive academic experience. Residential, commuter and remote options are available.

Interested high school students should seek further information and application requirements (<http://www.miami.edu/ssp/>).

## Summer Scholars Three-Week Credit Program

The Summer Scholars Three-Week, Credit Program is open to rising high school juniors and seniors. Courses are taught by UM faculty. Each academic specialty consists of two courses (3 credits each) for a total of 6 credit hours.

## Curriculum Requirements
