

B.B.A. IN FINANCE

Overview

Major Area of Specialization in Finance (STEM)

The Finance major of the Bachelor in Business Administration (BBA) degree prepares students for careers in Finance.

Differently from the Bachelors of Science in Accounting and Finance (BSAF), the BBA coursework is not specifically tailored for students arriving at the business school with a clear interest in careers in Finance. BBA students sample different business disciplines before specializing in a major, and it is not uncommon to have BBA students switch majors over time, or to graduate with double majors in Finance and another business discipline, or in Finance and a non-business discipline.

Differently from the Bachelor of Science in Business Administration (BSBA) or Bachelor of Science in Accounting and Finance (BSAF) degrees, the BBA coursework does not place extra emphasis on quantitative skills, so it may be a better fit for students who are not quantitatively oriented.

Curriculum Requirements

In addition to satisfying the University General Education Requirements and Electives, students pursuing the BBA in Finance must complete the BBA Business Core and the specific coursework for the Finance major area of specialization as follows:

¹ **NOTE:** WRS 105 and WRS 106 or ENG 106 or their equivalents, must be completed prior to attaining junior year classification, per the University General Education Requirements. Additionally, all 100 and 200-level Business Core courses must be completed by the end of the fifth semester of college work or during the semester in which the student is completing 75 credit hours.

² At least one course with an international focus must be completed within the degree requirements. The appropriateness of the course is determined by the Vice Dean for Undergraduate Business Education.

³ Students who do not earn at least a C- in WRS 106 or ENG 106 must either repeat WRS 106 or ENG 106 and earn at least a C- or complete WRS 230 with at least a C- before enrolling in BUS 300.

⁴ In order to pursue a major in Finance, a student must earn a grade of "B" (grade point of 3.0) or higher in FIN 302 (note that a grade of "B-" does not qualify), and must have a minimum cumulative University of Miami GPA of 2.5 before enrolling in FIN 303 or FIN 320.

⁵ All specific coursework for the major area of specialization in Finance must be completed with a grade of "C-" or higher (except for the minimum "B" grade required for FIN 302, as noted). A minimum cumulative GPA of 2.5 is required for all specific coursework taken in the major area of specialization.

All courses must be taken within the current pre-requisite structure.

⁶ Students are strongly encouraged to take FIN 303 and FIN 320 during the same semester.

⁷ Excluding FIN 300, FIN 308., and FIN 336.

Sample Plan of Study

This Sample Plan of Study represents one possible version of a new freshman Business student's 8-semester plan. The individual student's plan may vary depending upon the initial placement into English Composition and mathematics. Moreover, numerous plan variations are possible if a student enters the University with advanced college credits, wishes to participate in study abroad, chooses a special program option, or selects additional majors or minors.

Note that each major/minor at the University of Miami satisfies a particular "Area of Knowledge" within the general education requirements of the University. This means that it is possible to pursue two majors or a major and a minor within the Miami Herbert Business School and fulfill both the STEM and People and Society Areas of Knowledge; a separate cognate in these areas would not be required. The only remaining general education Area of Knowledge would be Arts and Humanities, which must be completed through a major, minor, or cognate outside of the Business School.

Students construct their individualized plans in collaboration with their assigned academic advisor.
