B.B.A./M.S. IN BUSINESS ANALYTICS DUAL DEGREE

Bachelor of Business Administration in Business Analytics and Master of Science in Business Analytics

The dual BBA and Master of Science in Analytics program is designed in such a way that students can expect to complete both their Bachelor's and Master’s degree within four and a half years. This accelerated program is designed to assist highly-motivated undergraduate students seeking an efficient path and an expedient start to their professional careers without sacrificing quality of education.

Students enroll in up to twelve credits of graduate work in their senior year*. Then, at least twenty credits of graduate work is completed in the fall semester after the senior year.

* Students in this program will only be permitted to take graduate classes if they are within 30 credits of completing the baccalaureate degree and have a minimum 3.0 GPA.

Admission Requirements

To qualify for admission to the BBA/BSBA-MSBA programs, a student must:

• Be within 30 credits of completing the baccalaureate degree with a cumulative grade point average of 3.0 or higher.

Requirements for Admission

• Completed application for admission submitted through BusinessCAS
• Academic transcript(s)
  • An unofficial copy of your current transcript must be uploaded with your online application.
  • Request official evaluations of transcripts from all previously attended non-U.S. institutions to be sent to BusinessCAS.
• Statement of purpose and short-essay responses to the career goal and program-related questions in BusinessCAS
• A current resume
• At least one letter of recommendation (up to three allowed) may be submitted through the BusinessCAS portal by including recommender contacts within the Program Materials section of the application.

Additional Required Courses
NOTE: ENG 105 and ENG 106, or their equivalents, must be completed prior to attaining junior year classification, per the University General Education Requirements. Additionally, all 100 and 200-level Business Core courses must be completed by the end of the fifth semester of college work or during the semester in which the student is completing 75 credit hours.

At least one course with an international focus must be completed within the degree requirements. The appropriateness of the course is determined by the Vice Dean of Undergraduate Business Education.

Students who do not earn at least a C- in ENG 106 must either repeat ENG 106 and earn at least a C- or complete ENG 230 with at least a C- before enrolling in BUS 300.

In order to declare the Business Analytics major, a BBA student needs to have earned a minimum A- (3.7) average for MTH 161, MAS 201, and MAS 202.

All specific coursework for the major area of specialization in Business Analytics must be completed with a grade of "C-" or higher. A minimum cumulative GPA of 2.5 is required for all specific coursework taken in the major area of specialization. All courses must be taken within the current pre-requisite structure.

No course may double count in any other major, minor, or cognate.

Students may take MAS 652 Capstone Project as a replacement of MAS 650 Management Science Internship if an internship cannot be obtained.

Electives are based on class demand.

MAS 627 is replaced with MAS 691 or BTE 601 for students who received an A- or better in MAS 332.

MAS 631 is replaced with an approved elective for students who received an A- or better in MAS 311.

MAS 632 is replaced with an approved elective for students who received an A- or better in MAS 342.

MAS 637 is replaced with MAS 681 for students who received an A- or better in MAS 432.

MAS 648 is replaced with an approved elective if students take MAS 681.
