

BACHELOR OF GENERAL STUDIES (HYBRID)

www.bgs.dcie.miami.edu

Overview

Under the leadership of Collegiate Studies, the College of Arts and Sciences offers the Bachelor of General Studies (BGS) degree program through the DCIE, which provides a solid and rigorous, interdisciplinary academic experience for adult students. It is designed specifically for adults who have previously attended college but have not yet completed their undergraduate degrees, as well as for those who have never had the opportunity to pursue post-secondary studies. Admitted students may attend in either a part-time or full-time status. Prospective students are eligible for admission if graduated from high school at least four years ago, have not attended the University of Miami during the past calendar year, have a minimum of 2.2 grade-point average on previous college work, and are U.S. citizens or permanent residents. Students must be pursuing first undergraduate degree.

The BGS curriculum allows an individual the flexibility to design an area of concentration to enhance professional or personal goals. Designed to strengthen critical thinking and writing skills of the students, each course is taught by University of Miami faculty who are committed to the adult student.

Advisors offer personalized attention in career exploration and academic advising and discuss educational alternatives with potential students. Every effort is made to ensure that the process - from admission to registration - is efficient, convenient, and flexible. Students may complete their degree by attending online and on-campus courses.

To underscore its commitment to the adults in our community, the University offers a special tuition to students in the Bachelor of General Studies program which enables the adult, part-time student to pursue this degree at an affordable tuition rate.

The admission process takes into consideration that one's grade-point average, while significant, is only one factor in determining an applicant's qualification for acceptance. Therefore, an advising session with an enrollment advisor from DCIE will be scheduled, by calling Collegiate Studies at 305-284-4000, to supplement the information you provide on the BGS application form (https://bgs.dcie.miami.edu/apply_now/how_to_apply/).

Requirements for Graduation

I. Candidates for the Bachelor of General Studies (BGS) degree must complete the required credit hours and achieve the quality point average specified for students in the University at large as stated in the section Academic Regulations and Procedures. Candidates must earn a C or better in approved classes of their Area of Concentration. Exempted is interpreted to refer exclusively to those exemptions provided under the following headings:

1. Advanced Standing and Placement (Credit Hour Granted);
2. Credit by Examination;
3. Advanced Placement (by proficiency examination);

II. Except where a required course is one designated to correct a deficiency in his/her college preparation, the student may apply the credit hours of any required course from which he is exempted toward the credit hours for that subject as a general requirement for graduation, toward the 120 credit hours required for graduation. (See Departmental Proficiency Examinations.) An exemption may be granted for WRS 105, but these credit hours may not be applied towards the 120 required for graduation.

III. Credit Only

Only free electives may be taken under this option. Courses which satisfy the major, the distributions of the School, the General Education Requirements of the University or any course for which a C or better is required may not be taken for credit only.
